

DOOR HARDWARE & LOCKS

Door Hardware & Locks

From tri-clad finishes to multi-lock handles, beautiful doors call for a finishing touch to match. That's why the choice of hardware available for all Polyframe systems offers the ultimate combination of quality, security and elegance. Our hardware doesn't just look the part, it plays a major part in the security and performance of our doors – including those products

which contribute to a system that's PAS24 compliant, that's covered by the Secured by Design accreditation and conform to TS007: 2014 3-Star approval. From our range of Fab & Fix door handles, and Yale Platinum 3 Star cylinders, to exquisitely engineered door hinges and the technologically superior Yale Multi-Point lock, our hardware ranges are tough to beat.

Please refer to the tables below for a quick reference guide as to what is on offer through Polyframe.
